

Rīga 2013

Uzņēmums Hilti ar CVO Recruitment sadarbojas jau kopš 2010. gada, galvenokārt piesaistot pārdošanas, finanšu un mārketinga jomas profesionāļus. Šobrīd mūsu komandā strādā jau 11 CVO Recruitment piemeklēti darbinieki, ar kuru sniegumu vairumā gadījumos esam ļoti apmierināti.

Hilti ir starptautisks uzņēmums, un mūsu darbiniekiem tiek izvirzītas augstas prasības gan attiecībā uz kandidātu sociālajām kompetencēm, gan profesionālajām zināšanām un svešvalodu prasmēm. Augsti novērtējam to, ka CVO Recruitment konsultantes spēj precīzi izprast un identificēt ne tikai pozīcijas profilu, bet arī uzņēmuma vērtības, komandu un vadību. Viņu darbs ir precīzs un ļoti profesionāls; atlases projektu ietvaros saņemam atbilstošu kandidātu CV.

Īpaši gribētu atzīmēt šī uzņēmuma spējas piemeklēt un novērtēt tehniskās jomas pārdošanas speciālistus. Tāpēc sadarbību ar CVO Recruitment noteikti turpināsim un labprāt iesakām šos konsultantus kā uzticamus partnerus arī citiem uzņēmumiem.

Company *Hilti* have been cooperating with CVO Recruitment since 2010, mostly within recruitment projects for sales, finance, and marketing positions. Already 8 employees in our Latvian team are placed by the CVO Recruitment consultants, and we are completely satisfied with their performance.

Hilti is a global company, and we have quite high expectations towards candidate's social competences, professional skills and foreign language skills. We appreciate the fact that the CVO Recruitment consultants are able to fully understand and identify not only the position profile, but also the values of the company, team and management specifics. Their work is precise and exceptionally professional; there are only fully suitable candidates in a project shortlist. In addition to the candidate's CV we receive a thorough review of the candidates' key competences and their comparison that greatly ease the decision making process for us. There was even a case where a shortlist is so good that we choose to hire two candidates at once.

I would particularly like to note the ability of the company to select and assess the sales professionals of technical field (Sales Engineers). Therefore, we will certainly continue cooperation with CVO Recruitment and recommend these consultants as reliable partners to other companies as well.
